## Volunteer with the Girl Guides of Canada

---

Share your financial literacy expertise with  
your communities' future leaders

---

### Girl Guides of Canada:

[Girl Guides of Canada](#) staff writers create activities for youth ages 5-18 to engage with and learn about a wide range of topics, including financial literacy. Activities are published on the online program platform, and girls and Guiders (adult leaders) select and take part in activities during their meetings. GGC is currently seeking volunteers to lend their expertise to enhance the activities available in the Money Sense Theme.

**Desired area(s) of practice:** Any

**Time commitment:** Initial session 60-90 minutes  
Feedback and collaboration approx. 2-10 hours

**Experience level:** Experience teaching or facilitating  
youth programs

**Location/date:** Virtual/TBD

### Current volunteer opportunities:

Participating in group or one-on-one discussions with GGC staff writers:

- Sharing trends, insight and experiences in math, financial literacy and other areas of expertise.
- Sharing insight on career paths, educational paths and professional development opportunities in actuarial science and math.
- Providing feedback on activities created by the Programs Team.
- Highlighting women role models and leaders in the fields of actuarial science and math.

### Key benefits of volunteering:

- Enhance your leadership, mentorship, planning and communication skills.
- Network with other like-minded volunteers.
- Gain a deeper understanding of cultural and socio-economic diversity in your community.
